State and Local Taxation
Ninth Edition
2019

Richard D. Pomp
Alva P. Loiselle Professor of Law
University of Connecticut Law School

Adjunct Professor of Law, NYU Law School, LL.M. Program in Taxation

Cases, Explanatory Text, Questions, and Commentary

The most up-to-date, affordable, and comprehensive casebook on the market. Available in print and electronic versions. Current as of December 2018. Two Volumes, 1800 pages. Previous editions have been used by more than 100 schools, accounting firms, law firms and tax administrations.

Extensive coverage of Wayfair and its implications. New material on Pike balancing. Inclusion of the recent Supreme Court due process decisions that may take on greater importance post-Wayfair.

New material on local sales taxes, cloud computing, the Streamlined Sales Tax Project, drop shipments, Joyce/Finnigan, trailing nexus, sales taxation of mergers and acquisitions, marketplace facilitators, the constitutionality of the Ohio CAT, effect of the Tax Cuts and Jobs Act on the states, taxation of partnerships and partners, and the MTC regulations reflecting its new proposals for reforming UDITPA.

To facilitate discussion, each major case included in the book is followed by questions and comments that probe its strengths, weaknesses and implications. Basic tax planning techniques are introduced. The extensive references to the literature are included and a comprehensive index will simplify further research on particular topics.
Special Price for those Attending the 2019 Ohio Tax Conference. Offer expires February 28, 2019

I would like to order the following:

___ Print version @ $169 plus $9 per volume shipping  Amount: $___
